About this programme

A law degree opens doors to many different opportunities. From becoming a successful lawyer, a degree in law would enable individuals to gain valuable skills and knowledge that can be applied to a range of industries.

With the changes in the legal education sector, our LLB Law degree programme is designed to meet the requirements of the Bar Standards Board (BSB), specifically, the programme will cover the seven foundations of legal knowledge. From September 2021, the new Solicitors' Qualifying Examination (SQE) have changed the way all solicitors qualify. Our LLB Law programme is designed to align and prepare our students for this new route to becoming a solicitor. The programme is aimed at those who are interested in building up their legal career and for those who are already working within the sector and would like to enhance or take their career a step further.

Careers

Graduate employment opportunities that might be available to graduates of the programme could include:

- Legal Executive
- Paralegal
- Company Secretary
